

All American Bitch

(Music and Lyrics by Jackson Spider)

She was blond and here eyes where blue
She was lying next to you
she want's you to do, to do her through
oh yeah she makes me blue

She was blond and her eyes were blue
her body lying next to you
her dad told her nothing about sex and crime
come on guys enjoy your time

<Bridge>

It is'nt hard to fuck her
She will break all the rules
There is nothing she would'nt do
if you call her...

<Ref>

She's an all american bitch
She's an all american bitch
She's an all american bitch
of that i'm sure...

She is not very good at school
but she know's who makes the rules
most of the teachers wanna sex with her
she's fuckin' these bastards everywhere

American's you can be proud
about your hot girls on the ground
hey hey world say thanks today
for the great bitches made in the USA
