

# more than love

- jackson-spider -

i saw you at the discotheque / loved your butt 'n' ev'rything you shake  
ooh baby you look so fine / asked you don't you wanna be mine  
next i met you at the local drive in / be my chicken i will be your king  
you looked at me with your angel eyes / gave my ordered coke with french fries

ref.: I wanna hold you all night  
cause this is more than love – baby, this is more than love  
I wanna hold you all night  
Cause this is more than love – darlin', this is more than love

A sunny day down at the beach / you were there, far away out of reach  
You turned around, looked at me / I need a cool-down, a jump in the sea  
In the moment the waves set me free / i could not believe what I see  
you're standing there in the sand / with my towel in your hand

ref.: I wanna hold you all night  
cause this is more than love – baby, this is more than love  
I wanna hold you all night  
Cause this is more than love – darlin', this is more than love

From now on we are going out / all days are clear, free of clouds  
The sun is shining all day and night / in our eyes the stars shining bright  
We're together in the discotheque / I love yor butt 'n' everything you shake  
Oh baby you look so fine / it's unbelievable: you are mine

ref.: I wanna hold you all night  
cause this is more than love – baby, this is more than love  
I wanna hold you all night  
Cause this is more than love – darlin', this is more than love
